Check with your physician or health care professional before stopping or starting any of your medicines. Throw away any unused medicine after the expiration date. These may affect the way your medicine works. Side effects that you should report to your prescriber or health care professional as soon as possible: Tell your prescriber or health care professional about all other medicines you are taking, including non-prescription medicines. Side effects that usually do not require medical attention report to your prescriber or health care professional if they continue or are bothersome ; diarrhea; indigestion heartburn ; mild stomach upset. Swallow the tablets with a glass of water. Clopidogrel helps to prevent blood clots. What can I do to prevent this in the future? It reduces the chance of having a heart attack or a stroke in people who have already had a heart attack or a stroke. Do not stop taking clopidogrel except on your prescriber's advice. If you miss a dose, take it as soon as you can. Also tell your prescriber or health care professional if you are a frequent user of drinks with caffeine or alcohol, if you smoke, or if you use illegal drugs.
