The full report will be featured in the May edition of Consumer Reports. Actos for diabetes, Lexapro for depression, Lipitor for high cholesterol, Plavix the blood thinner and Singulair for asthma. Consumer Report's secret shoppers found that prices were lower in rural areas than in urban areas. Independent pharmacies are more likely to negotiate lower price points to beat large competitors. Overall, Costco offered the best prices. For example, big box stores tend to use their pharmacies as a way to get consumers through the door with the expectation that they'll buy other things. Other credit cards and checks won't be accepted, Gibson says. You can save hundreds of dollars on generic drugs by taking this one piece of advice from the May issue of Consumer Reports magazine: Fill all your prescriptions at one pharmacy and you can avoid trouble. But, as Gill says, they offer conveniences you might not find at other pharmacies: Prices are sometimes lower in suburban and rural areas than they are in urban areas. If one pharmacist can see all the drugs your taking, he's more likely to spot potentially dangerous interactions. But independently owned stores are often willing to match or beat their chain competitors' prices, she says. Reuters - Some of the most popular prescription drugs that recently became available in generic form are sold at the lowest prices at Costco and at the highest prices at CVS Caremark, according to an analysis by Consumer Reports. Read more stories on where to go for free and low-cost medical treatment and other ways to cut health expenses on The Frugal Patient blog, at cleveland.
